STOCK THAT IS
Grown Right - Dug Right - Packed Right

The Nurseries

THE Aurora Nurseries are located 37 miles west of Chicago on the main line of the Chicago, Burlington & Quincy, the Chicago & Northwestern, the Chicago, Milwaukee & Gary, and the Chicago Outer Belt Line. We have almost direct service by all Express Companies. The shipping facilities from Aurora are not to be excelled. Our establishment began in 1903 and has steadily grown until today finds us doing business in almost every State. Last year we built a large packing shed and storage house, and are now better equipped than ever to handle our constantly increasing trade.

We are deeply grateful to our friends for their past patronage and solicit a continuation of mutual cordial relations. Visitors to our Nurseries are always welcome.

We give particular attention to the propagation and growth of Ornamental Shrubs, although we grow a considerable quantity of shade and ornamental trees.

Terms, Etc.

How to Ship—When ordering always specify whether we shall ship by freight or express. Also give us the route if possible. When no directions are given we will use our best judgment as to how to ship, but in no case will we be responsible after goods are consigned to purchaser. When losses or damage occur while goods are in transit, either from delay or otherwise, make claim at once to forwarding Companies.

Terms—Terms of payment are cash or security before shipment. The usual terms of credit will be accorded to established firms, who if not known to us will please forward references. C. O. D. orders must be accompanied by one-fourth the amount of the order in cash.

Discounts—Three per cent discount is allowed on cash with order. Two per cent discount for cash in 10 days from date of invoice. All accounts due June 1st.

Prices—Prices are for the Spring 1918. This list supercedes all other lists and is subject to change without notice. Five plants of a variety will be supplied at the rate per ten—fifty at the rate per hundred—five hundred at the rate per thousand.

Orders amounting to \$25.00 or more, figure everything at the lowest price quoted—except that ten of a kind must be ordered to obtain the lowest price.

Claims—Claims for deduction must be made within one week after receipt of goods.

Packing—Prices in this List are Net; cost of Boxes, Bales, etc., will be added.

Guaranty—While we exercise the greatest care to have our trees and plants true to label, and hold ourselves prepared to replace, on proper proof, all that may prove untrue, we do not give any warranty expressed or implied, and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the trees.

Special Prices will be made on large lots of a general assortment. Send us your list stating quantities desired.

SHRUBS WE MUST SELL

A greater part of the shrubs listed are on land which we have had under lease for the past several years. The heirs will now lease only from year to year. This makes it necessary to clear the land. The prices quoted are in many instances below the real market value of such stock. On account of the fact that so many thousands of shrubs must be dug, graded, packed and shipped, we ask you to place your order very early. This will aid us in getting your stock to you promptly.

All shrubs in this list have been transplanted and are well branched and well rooted.
